12 for the price of 10 on all frozen pasty orders! Freshly made daily so make sure you order so we have them ready to go.

Pasties by post service available.

Follow us on Facebook to hear about all our news and promotions.

# IN BRIEF

Great news, the huge task of constructing the **Car Park** above the school is finally finished in time for the start of the academic year. Let's hope it helps the traffic flow, the children's safety and generally makes life easier for everyone as planned. It has already been useful for a couple of events in the village, may it continue to repay the hard work and generosity that made it possible.

The **Community Garden** is coming together as well, with structures, flowers and vegetables popping up all over the space. It's a community space so get involved.

As you will see, the **Surgery** is returning to a more normal service, which has to be good news for everyone, and a sign of a small step towards normal, whatever that is now.

Sadly, a thoughtless and disrespectful minority continue to cause damage, particularly around the **Recreation Ground**. If only they had to clear up their own mess.

No stuck lorries this month, but the road story in this edition is the news that a vehicle managed to knock down the Bridegate and some wall on Church Hill entrance to **St Pauls Church**, causing considerable damage. Never a dull moment on the roads around Chacewater.

Sadly, the **Community Speed Watch** is currently suspended due to "issues" regarding sites to undertake this vital work. It is considered unsafe because of the speed of the traffic. There must

be some logic there somewhere, not sure where. Watch this space, and your speed.

The **Parish Council** is back to full strength at twelve councillors with the co-option of Emma Carlyon, who will be known to many of you, her skills and knowledge will be much appreciated.

The new term will see David Hick start as the new head teacher at **Chacewater School**. He has a very hard act to follow, as Chris Gould leaves to take up a new post at TPAT. David was Deputy Head at Threemilestone so not a great deal further on his commute. I am sure we all wish him every success.

---

## BUSY LIFE Part 7

After six various walks around Wheal Busy I have no more to talk about. The area is not too large and I reckon, between my four legged companion and myself, we have just about covered it all.

I started writing about our walks at the start of Lockdown One just for something to do. I had recently finished what would turn out to be my last ever trip offshore in my career in the oil and gas industry. As many other people I didn't see it coming. I was on a rig in Norway when I was informed that the country was going into lockdown, I thought it would pass. But as it turned out the offshore industry took a dive. I was furloughed

Whatever your funeral needs we are here for you.

We understand that bereavement is a difficult time for any family and with this in mind we are available 24 hours a day, to offer our full and dedicated professional service.

If you're looking to plan a funeral at the moment then you've probably got a lot of questions running through your mind. We are here to answer them, call us on Truro (01872) 274021.

for a while and then eventually made redundant.

I had started my life on the rigs in 1996, when in my late twenties and on a fairly rock bottom time of my life, I had taken myself off to Aberdeen looking for a job on the rigs on the recommendation of a friend. It was really the last industry that I am aware of that it was possible that someone who had no particular skill except for the will to work could enter a large industry and work themselves up from the bottom to as high up the ladder as they wanted to go. I count myself as very lucky, the job took me all over the world. I have witnessed extreme weather in the North Sea, seen terrible poverty on the West coast of Africa. Lived for a period in Singapore and worked in shipyards in Australia and Brazil to mention just a few memorable times.

When the first lockdown came I just thought, as probably many others did, that it would pass and we would all go back to work in time. But it wasn't to be. I am more than aware there are many others who have had a worse time of it. I probably only had a couple of years left before I would have

packed it in anyhow and in all that time I was never laid off or out of work.

So here I am, a couple of years on, I am fortunate that I still have my health and am fairly settled financially, but although we all look forward to our retirements, the reality is after a lifetime of being busy, I find it hard to just kick back. My work on the rigs has not really left me with skills which are required back home. I have considered courier work or delivering for Sainsbury's but not so sure it's for me. I have met the local parish guys and have helped out with the observatory project. Over the years I have amassed a fair collection of gardening tools, Hedge trimmers, strimmers, chain saw telescopic pole loppers etc, so if any one requires a hand in their gardens clearing up, hopefully the observatory gang will vouch for my work. And maybe when the days draw in I will write a small section in the magazine of various historic items on Wheal Busy. I realise there are folk who have lived here all their lives and know these things but I am always meeting people who have no idea of the history on their doorstep.

## **NEED HELP TIDYING GARDEN FOR AUTUMN**

# CHACEWATER PLAYERS BACK ON STAGE

We are announcing the return of the rehearsal for September for our production of Aladdin which will be performed over the last two weekends of January 2022.

The first read through of the script will be on Monday 6<sup>th</sup> September at 7:30pm for the teenagers and adults. This will be a time for anyone who wants to be involved in the show; on stage (main roles and chorus line), backstage crew and front of house, to come along and meet up with the cast and crew. We are always wanting more people to join our amateur dramatics group and will welcome anyone wanting to be involved, either on stage or off stage.

On Monday 13<sup>th</sup> September at 6:30pm will be the children's auditions. All children are welcome, but please note that children need to be aged 8 and above at the time of the show, as they will be required to stay up late during the weeks of the shows.

Follow us on Facebook or visit our website [www.chacewaterplayers.co.uk](http://www.chacewaterplayers.co.uk) to find out more information and for up-to-date ticket information.

We are all looking forward to being able to get back on stage so come along and join us.

*Paul Bearham – Publicity Officer*

# CHACEWATER FC

## Match report Tuesday 17th August ·

Trelawny 1 division.

Chacewater 2 - 0 Penzance Reserves

Chacewater hosted Penzance Reserves in a very decent game at the Rec this evening.

Chacewater scored twice in the first half going into half time up with the same score as at the weekend vs Redruth.

However, tonight, instead of trying to sit on that lead we continued to play our usual game and press the visitors, creating chance after chance.

Penzance were no slouches and produced a good number of goal scoring opportunities including a number of very decent long range efforts.

However this new look Chacewater defence were solid throughout and assisted by our fantastic midfield we were able to soak up the pressure Penzance put on us.

Penzance appeared to get rather frustrated at their lack of conversions, following their 7-2 win against St Erme

at the weekend, with one of their players getting sin binned in the second half.

Chacewater kept up their work rate and were rewarded with their first clean sheet of the season.

Penzance seem like a lovely group of lads and we look forward to the reverse fixture.

Spectator numbers were likely around 30.

**MOTD** Sean Preston who never stopped putting himself literally everywhere.

We face St Erme on Saturday and will be hoping to bring this same level of play into that game.

Up the greens

# WHAT HAVE "THEY" BEEN UP TO?

Well, it has been another busy month for our Village Operative, Richy Northey who spends most mornings up at the Recreation Ground reporting vandalism and cleaning up A LOT of mess (including human excrement!!!) – apologies for being so blunt. It is quite disgusting really. While the Parish Council are discussing these issues at length and putting some plans in place to try to put a stop to these disrespectful people ruining our village, we would really like you to tell us "WHAT DO YOU THINK SHOULD BE DONE?" If you have any ideas then do get in touch via the Clerk or the Parish Council Facebook Page and please, please, continue reporting any crime, disturbance or suspicious activity. Thanks to everyone using the 101 police reporting system, Devon & Cornwall police have acknowledged that there is a need for support in Chacewater currently.

## Meeting with Highways

We recently had our quarterly meeting with Highways to discuss all things roads and traffic. In short it was a good meeting where several issues around the parish such as HGV's getting stuck were discussed, and after a drive around Highways agreed with us that there is a need in some areas for new and / or replacement signage, which will now be arranged. We also asked about the possibility of Average Speed Cameras through the village. Cormac advised that these are "mainly" associated with 'A' and 'B' roads and that hard evidence needs to be presented to Cornwall Council for change because schemes like that in Grampound village took years to implement and cost £120K+.

Cormac asked us to continue using the 'report it' system for issues such as faded lines, pot holes, overgrown

verges & trees and any other issues. This system is designed for anyone to use, so please continue to report using the following:

[www.cornwall.gov.uk/reportsomething/](http://www.cornwall.gov.uk/reportsomething/)

### **20's Plenty**

Chacewater Parish Council agreed in July to support the "20's plenty" for Cornwall campaign in our parish as we believe we must do everything possible to make our village safer. After some research we realised it is quite a process to have it implemented. However, the more of you that support it the better and so we have purchased some "20's Plenty" wheelie bin, window and bumper stickers. If you would like a sticker to display for all to see, then get in touch with the clerk via [parish.clerk@chacewater.org](mailto:parish.clerk@chacewater.org)

We have only a few of each at this stage, so it will be first come first served.

### **Bonfire Night**

At the July meeting it was decided that, due to the current uncertainty surrounding gatherings, the Council would not purchase fireworks for Bonfire Night this year. The outlay is quite considerable and the financial risk to both the Council and Projects was not believed to be prudent at this time. There was also a discussion regarding the sustainability of the event. Plans are afoot to ensure that in the future, the Parish council will take all measures to make this popular

community event as green as possible, in line it's with overarching desire to reduce our community's carbon footprint.

### **WI Hall**

We are really pleased to see that some of the regular groups that met prior to lockdown are slowly starting to return to our WI Hall in the Car Park, including the monthly 'Pop in' group which will now take place on the 3rd Tuesday of the month (was previously Monday) from 10:15am – 11:45am. Everyone is welcome, come along for a cup of tea and a chat, when the weather is nice it will take place outside.

Please bring your own cup / mug

### **Council now at full strength**

It is very good to announce that Emma Carlyon was co-opted at our last meeting to fill the last remaining place on the Parish Council. She will be a great asset with her background and knowledge. We welcome her and look forward to working together for many years to come.

### **Upcoming Meetings:**

**Friday 24<sup>th</sup> September** – 7pm – Full Council Meeting

**Friday 15<sup>th</sup> October** – 7pm - Planning Meeting (only if required)

**Friday 29<sup>th</sup> October** - 7pm – Full Council Meeting

Meeting dates, agendas and minutes can all be found on our website – [www.chacewater.org](http://www.chacewater.org)

# COMMUNITY GARDEN COMING ALONG

Through scorching sunshine and drenching rainfall, some gardeners have been able to grow a variety of plants in the new Chacewater Community Garden. Work proceeds at the same time, completing hard landscaping on the site and building garden structures and fixtures.

## HORTICULTURE

Experimental plantings have helped to show which plants will grow well and which ones need special attention. We all agree that we will have to put some effort into improving the soil on the site. This will be a continuing process as we cultivate the garden.

As the top turf layer was taken off before landscaping, the terraced soil is clean but not very fertile. The upper terrace also was compacted by heavy machinery and has baked hard in the sunshine. Nevertheless, a dozen beds have been dug over and plants established.

Our neighbour, Jackie, keeps her horse in the adjoining field and has kindly offered the Community Garden a long-term supply of well-rotted manure. Moreover, Jackie's young son Izaak will help to bring loads of manure up to the garden terraces with his mini tractor and trailer.

Gardeners will be able to mix this material during the autumn to prepare more fertile plots for next year.

It is also clear that most plants will thrive with better protection from strong winds, too much hot sun and being eaten by rabbits. Rhubarb,

tomatoes and potatoes have been successful. Squashes, courgettes and pumpkins also have grown well on open terraces and sloping banks.

On the lower terrace, rows of fruit bushes have rooted well – Raspberries, Currants and Gooseberries should be ready next year. Inter-planted marigolds and chives are regularly grazed by rabbits. However, behind wire netting, beanstalks and sweet peppers flourish together with sunflowers and marigolds.

Herbs planted on the top terrace have survived only when fenced with chicken wire. Lettuces will need some shade, better soil and protection from rabbits. All of these lessons will guide future planning and development in the garden. Finally, the decorative planting put into the steep car park bank has been very successful. Perennial blue and white Agapanthus, yellow and red Tiger Lilies, *Crocsmia* 'Lucifer', *Penstemon* and various ornamental grasses have provided a succession of colour and interest throughout the summer.

## BUILDING INFRASTRUCTURE

July's hot, dry spell confirmed the need for a good irrigation system to water crops. At first, all water had to be carried in by hand. A large bowser (loaned by a local farmer) served as a temporary reservoir also for collected rainwater.

Now, this is to be replaced by a galvanised steel tank storing 2000

\*Lightbulbs are chargeable

litres of harvested rainwater. Gravity will feed a standpipe and tap on each terrace. Rainwater to fill the reservoir will be collected from the large shed roof and stored in two IBC tanks (kindly donated by Carley's Organics). A solar-powered pump will transfer water up to the reservoir.

A smaller tank will gather rainwater from the toilet roof. This will supply water for the portable hand-wash basin on site. In August two coats of weatherproof treatment have been applied to the toilet shed. A solar light has been fitted and work is underway to lay block paving to approach the toilet.

Completion of the new car park enabled our volunteers to tackle outstanding building tasks in the Community Garden. Firstly, our large shed has been put together. By the end of August it will have a new roof and guttering fitted to take water into

the sustainable irrigation system.

In the next month, we expect to entrench and install irrigation pipe, complete the paving for toilet access and finish fitting out the shed interior. With these facilities in place, gardeners will be able to meet up and decide plans for the further development of our Community Garden.

# CHACEWATER & DEVOR

## **Attending the surgery**

Our front doors are now open and the use of the intercom system will no longer be required.

Whilst there are changes to the government guidelines regarding the wearing of face masks we are requesting that patients continue to wear a face covering when attending the surgery for the collection of prescriptions and attendance of appointments.

We would also appreciate patients using the hand sanitiser stations and to maintain social distancing.

The waiting rooms will be open, but we would appreciate it if patients arrived as close to their appointment time as possible and that only the people needed for any appointment come to the surgery.

If you do not wish to use the waiting room you can wait in your car or outside if you prefer. Please check in for your appointment with our receptionist as usual and advise them where you will be. If you choose to wait outside it would be appreciated if you could ensure you are close by at your appointment time so that you do not delay our clinicians in their clinics.

## **Appointments**

Throughout the pandemic we have continued to see patients in the surgery who have required a face to face appointment. These appointments have been arranged

following a telephone consultation with a clinician and have helped to protect our services by limiting the number of patients attending the surgery to those who really need to.

We regularly review our appointments and capacity and have now decided that we are able to offer face-to-face appointments with a Doctor without the need for a prior telephone consultation.

Patients are still able to arrange telephone consultations or can use our non-urgent on-line consultation service via our website.

## **Chronic Disease Management**

We have been working hard to catch up on all of our chronic disease management for those patients who were not able to be seen for their routine checks.

A new recall system was introduced in March. All patients will be contacted to have their chronic disease appointments in the month of their birthday. This may mean that you will be called in earlier/later for an appointment than expected.

## **Devoran Surgery**

We are regularly reviewing our opening times at Devoran surgery. Whilst we acknowledge the difficulties that the shortened opening times at our branch surgery have given we are unfortunately not in a position to open up to our previous capacity quite yet.

This is due to staffing difficulties that

# AN SURGERIES UPDATE

we have had within the surgery. We are working hard to rectify this and hope to be able to open the surgery for longer soon. Please do let us know if this is causing particular difficulties for you and we will do our best to assist you.

## **Covid Vaccination programme**

Our PCN Covid vaccination programme is still running at Mount Hawke Surgery. Any patient still needing to have their vaccination can arrange this via the national booking system.

Telephone 119 or go on line at:

<https://www.nhs.uk/conditions/coronavirus-covid-19/coronavirus-vaccination/book-coronavirus-vaccination/>

and request an appointment at either Mount Hawke surgery or any of the local vaccination sites.

There is currently limited information coming out about the Covid Booster vaccination programme and how this will be implemented. We will update patients once we know more.

## **Flu Vaccination Programme**

Our Flu clinics will be running from the beginning of October. We will be contacting all eligible patients to make an appointment

Managed Repeat Service

We have now introduced a new service for our patients who collect their medication from us. When collecting their prescriptions our reception team

will offer the option for your repeat medication to be automatically ordered for the following month. This will be for your medication that you require each month. For items that are not needed regularly you will still need to order these when required. For example creams and inhalers.

You will be given a slip with the date that your prescription will be ready to collect from on.

## **And finally.....**

May we take this opportunity to thank our patients for their support during these difficult times. We have had to adapt and change to many different situations, often at short notice. We know that these changes have sometimes made it difficult for us to provide our usual service, but all decisions have been made with the safety of our patients and staff at the heart of them.

We would also like to take this opportunity to say a huge thank you to our staff. Without their continued support and efforts, often working extra hours, we would not have been able to continue.

These have been challenging times but we are working hard to return our services to as normal as we can as soon as we can.

*With best wishes  
Drs Shaw, Shaw,  
Dawes & Ashmore.*

# NEW PLAY

My new Play premières on Friday 15<sup>th</sup> October 2021. "Verity" is set in Chacewater in the late 1800's. It centres on a very ordinary hard-working mining family. A murder has a devastating impact on all of their lives.

The tickets are available from 1st September on Eventbrite.com; they are free but we ask that you make a donation at the door when you come to see the play. All proceeds will be going to Chacewater Projects, helping to fund future community activities. Like many others organisations, fundraising has been impossible in the last eighteen months!

I do hope you will book a ticket and come along. Not only do you get a good nights entertainment, you can also support Chacewater Projects!

Refreshments are available at the interval.

Hall capacity restrictions at time of writing mean that ticket numbers are limited - so book as soon as you can, it's only on for two nights! You will also be able to purchase a programme with information about the actors, (some familiar faces around Chacewater!)

Hopefully see you there!!

*Linda Shevlin*  
01872 561626

# TOUR OF BRITAIN

On Sunday 5<sup>th</sup> September the UCI cycling Tour of Britain will start in Cornwall for the first time ever, following the postponement of the 2020 race. The Grand Depart will see 120 professional riders race 180 kilometres through the Cornish countryside, starting at 11.am in Penzance and finishing in Bodmin.

The stage's route also visits St Just, St Ives, Hayle, Camborne, Pool, Redruth, Falmouth, Penryn, Carnon Downs, Truro, Newquay and St Austell, before passing close to the Eden Project on its way to the finish in Bodmin.

To advertise in this publication is easy, the prices are reasonable, and they bring results. Just contact Printout on (01872) 242534 to discuss your advert. Charges are as listed below.

Full page:	monthly £26	for 3 months £75	or	for 12 months £260
3/4 page	monthly £23	for 3 months £65	or	for 12 months £230
Half page:	monthly £15	for 3 months £42	or	for 12 months £150
Quarter page:	monthly £10	for 3 months £27	or	for 12 months £100

To advertise contact Printout on 01872 242534 or email your ad to [printout06@btconnect.com](mailto:printout06@btconnect.com)  
Note: Only adverts are charged for, events listed at the front are free and news items are also free.  
"What's On in Chacewater" is printed on environmentally friendly paper using wood from sustainable forests.

# VILLAGE PONDWATCH

## September 2021

Under hot sun at the end of July blue and red damselflies and white and brown butterflies moved through the thick heated air over the water.

Loads of sticks and rubbish (including milk cartons and a barbeque tray) were cleared from the centre of the pond, together with slimy pond weed. Later, some drifting rafts of really repulsive pond slime were removed – filling a 10 litre bucket.

Another thick bloom of rust-red algae was dispersed in heavy rainfall but it tends to return. The ruddy growth breaks up easily in the water. Sometimes, it is possible to see newts nose their way very slowly through fragments of floating algae. Ripples spread unsuppressed as water beetles break the surface

There seem to be fewer dragonflies this year. Perhaps because of wet and windy conditions; the unusual state of the pond water; or maybe more

predation of insects and larvae.

When the sun shines, a few azure damselflies and some red darter dragonflies appear over the water and flicker among surrounding plants. One golden-ringed dragonfly rests for a short time, clinging to a blackberry truss.

A sparrow also waits on a bramble stalk and tries to ambush a large

Emperor dragonfly as it pauses on a yellow fringed lily leaf. The insect manages to evade the bird and flies up into the tree canopy. It avoids further harassment, however, and does not come back to the pond. A pair of colourful Jay birds also land on a tree branch and disturb roosting pigeons that make a noisy exit.

Many different bees frequent the flowers around the pond. The bristly purple heads of common knapweed are always popular. Tall purple loosestrife also attracts many insects. Only the more slender bees can get into the tiny bead-like flowers of a fine water figwort that towers on the bank.

Nearby, a white buddleia “butterfly bush” hosts a trio of Red Admiral, a trio of Peacock, a pair of green-veined White with a small

Tortoiseshell and a Speckled Wood butterfly. Several bees also clamber over the dense white flower cones.

As clouds gather once again, a green woodpecker makes his undulating flight over the grassland and past the pond towards the treeline.

*Paul Shevlin*

# CHURCH GATE SMASHED

The congregation arriving at St Paul's Church for Sunday service on 15<sup>th</sup> August discovered the Bridegate entrance to the churchyard was reduced to a pile of masonry rubble and twisted metal.

Overnight apparently, a vehicle was driven down Church Hill, crashed into the stone gatepost, rebounded and

fled down the hill. The gate was completely destroyed and the vehicle was later discovered abandoned on Chacewater Hill.

While the police investigate this incident, it is a shame that two Covid-delayed weddings will be unable to use the traditional bridal entrance.

# NEW CAR PARK OPENS

At last, an empty field above the school on Church Hill has been transformed. Providing access to the Chacewater Community Garden, the Parish Council has developed a new public car park with space for more than 30 vehicles on land leased from the Tregothnan Estate.

Approached from the lane off Church Hill by the school gate, the car park works with a one-way flow of cars.

The way IN is up a concrete ramp giving access to the gravel surface of the car park with parking bays on every side marked by kerbstones. A footpath into the car park is guarded

Located beside the school, the car park allows safe off-road parking for school staff and visitors. Also, it provides vital extra parking spaces for anyone attending other events in the village, church services, weddings, etc. This should ease traffic congestion and reduce hazards on Church Hill.

Importantly, it is designed to give responsible parents and carers a safer and more convenient way to drop off and collect children at the school.

by a steel handrail that separates it from the way OUT exit ramp to the lane leading back to Church Hill.

Work to develop this new asset began 6 months ago. Contractor Andrew Douce (of T. H. Douce & Sons, Chacewater) worked tirelessly to landscape the site. Surplus subsoil (from garden terraces cut into the hillside) has been packed down to make a firm base for the car park.

In previous issues we have reported the efforts of our volunteer workforce to complete the car park – laying recycled plastic grids and spreading many tons of gravel delivered by T.H. Douce. The same volunteer crew took

two afternoons in August to spread and level tons of concrete to make durable ramps at the car park entrance and exit. This concrete mix was generously donated by Alan Mitchell & Son of Cregbrawse.

The Parish Council wishes to express deep thanks to Andrew Douce for his assistance in this project and to record sincere appreciation and thanks for Alan Mitchell's generosity – providing the concrete needed to complete the job and good words of advice from Steve the mixer operator. The Car Park officially opens on 1st September 2021.

First try out of the car park for a wedding*

## Chacewater Community Energy Group Green Building Action Day Chacewater Village Hall

**Sat 20th Nov 2021 :: 2:00pm - 5:00pm**

Advance notice of this event planned for November. We know that we need to improve the energy performance of the buildings we use in an effort to tackle the climate emergency. Everything we can do to reduce our carbon footprint is a good thing. Some of the homes in our area have council planning rules in place that make it hard for modern improvements to be made, like double/triple glazing and extra insulation.

In our Green Building Action Day we want to discuss these issues with representatives of Cornwall Council, our MP and our parish council to try to find ways forward through discussion and a Q&A session.

We will soon be undertaking a survey to give us a better overview of the problems and we hope to have some specialist contractors available to advise on the day. Please make a note in your diaries, more details in next months 'What's On'.
