NEWS IN BRIEF

"Phew what a scorcher!"

I have always wanted to write that and I think just for once the last month fully deserves this well worn and rather hackneyed expression so loved by the tabloid subeditors.

How good is it to get out and enjoy the outside, planning an outdoor thing like BBQ's has been easy, just pick a day, and you would have had to be very unlucky not to have usable weather.

Hopefully, as the children begin their summer holidays from school it will last long enough for them to have one of those memorable summers, which they will remember with joy for the rest of their lives.

Chacewater Players are just waving their highly successful Summer Show, "Face the Music", in the rear view mirror and are already planning to start rehearsals and a read through of Jack and the Beanstalk, next years pantomime written by Alison Golley. No rest for the wicked! *P.26*

As you will see from the article on Page 10 The Bonfire and Firework Display is still hanging in the balance, and needs all the offers of help that can be mustered for it to continue. If it does continue, there will be quite a few changes but the essence of the event for the community should remain. Here's hoping enough volunteers come forward to make it happen. Time is marching on, so if you think you can give a hand please do it soon. *P.10*

The loss of most of the Parish Council over the last year really impacts on events and maintenance around the parish as many hundreds of hours service was given voluntarily between them – their work will be greatly missed as a new team steps in to take their place.

On the subject of volunteers, the Community SpeedWatch team would love a couple more people to help out. Their work helps to reduce the speed through the village, making it safer for everyone. *P.15*

And finally. As most people start their holidays it just remains for us to wish everyone a great break over the summer and hope the weather holds.

PENNY FARTHINGS in CHACEWATER

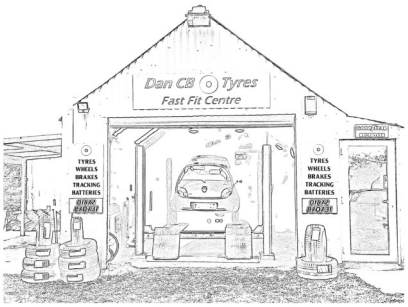

We see a variety of unusual sights passing through Chacewater throughout the year. Saturday the 11th July was no exception, as 5 friends passed through the village riding on Penny Farthing cycles. All part of - *an often painful* - 60 mile (96km) charity bike ride on behalf of the Sunrise Cornwall CIC. It was organised by Lee Stanbury on behalf of his brother Ed, who suffered from long term mental health issues that ultimately took his life, "Ed's Ride" saw the lads ride all the way from St Ives, through Connor Downs, Camborne, Pool, Redruth, Scorrier, Chacewater and on into Truro on these "bone shakers".

A great cause, if you wish to add to the £4680.00 already raised in support of this mental health charity, then please follow this link: https://www.crowdfunder.co.uk/p/60-mile-penny-farthing-for-sunrise-cornwall-cic

BONFIRE & FIREWORKS

The future of our Bonfire and Fireworks show is still uncertain but a refreshed projects group is working on safe and effective solutions.

There was a positive response to the "dry-run" exercise on Sunday 12th July, to see if the show can go on this year as half of last year's team will be absent for November 5th 2026 (including our chief fireworks technician).

Thanks to everyone who came out for a couple of hours into the summer heat to explore the future prospects for Bonfire & Fireworks in Chacewater. Besides some patient children, 18 attended: (8 'fresh faces', 6 'old hands' and 4 unavailable for November).

Richy Bennetts pledged the Football Club will send enough players to look after the cash-only entrance gate and provide extra safety marshals. In addition, we hope to develop a workable system for pre-paid local booking and a separate cashless entry point. Of course, this will require yet more security and admissions people.

Most likely we will look at offering concessions to outside caterers and ask our experienced crew of chefs and food sales team to help with crowd safety marshalling, ticketing and traffic control. Safety marshals serve as information points and direct crowd movements. They will need proper training in advance to know how the show works, where things are and what to do in an emergency.

Work is being done to ensure we have a fully trained firing team for the fireworks and, again, we will need helpers to build the bonfire and set-up crash barriers on November 5th. Finally, the Parish Council have agreed to support the event in the usual way by underwriting the purchase of fireworks as in previous years. Despite the current turmoil, as always, we depend completely on the Council for their help.

The timetable is very tight to work up all of these changes, which must be fully in place for the show to go on. It is a major fundraiser and community event but, if there are any serious doubts, we may have to postpone the Bonfire and Fireworks display and get it ready for 2027.

Secretary, Chacewater Projects

HELP SAVE CHACEWATER'S BONFIRE NIGHT

OUR COMMUNITY. OUR TRADITION. LET'S KEEP IT BURNING.

Bonfire Night is a much-loved tradition that brings our village together. But it can only happen with the help of local volunteers.

WI HALL USERS

Could we ask that all users of the WI Hall leave the facility very much as they find it please, with chairs and tables stacked as shown below, copies of which are pinned to the wall for ease of understanding.

We simply do not have the staff to clean the WI Hall after every single session, but we do wish to maintain it to an acceptable standard for others to use, hence this request. Cleanliness and care for this aging but well-loved building is very important and first impressions count for a great deal.

Help stop speeding

Are you fed up with the speed of traffic through the village? Well, if you would like to do something constructive about it, rather than just complain, why not join the Chacewater Community Speed Watch Team.

It only means an hour or two a month and you really get to make a difference. It isn't arduous and it is quite social . The training is very simple, enabling you to join the team who are helping to reduce speeding in the village, making life safer for everyone.

If you fancy please contact either Rob Knill , rob.knill@hotmail.com or Peter Chesworth on 07974 253057.

CHACEWATER RIGHTS OF W

We had another splendid CRoW walk on the first Sunday of July. A fresh morning soon saw the sun come out and there was a terrific mix of walkers of all ages. The aim of this particular trek was to explore the north-eastern part of the Parish. The views did not disappoint. **Our route** took us from the Main Car Park, across Fore Street via the pedestrian crossing and onto Station Road. Then up to The Terrace where we took a sharp right up North Hill and then another right after the first house along Bridleways 19/3 and 2, which eventually brought us out onto the corner of Byway (25/1) running down from Wheal Daniel. It was really good to see how much this area had recovered from those awful January storms, which had ripped it apart. Huge thanks to Cormac and some of our local volunteers who worked tirelessly to make it usable once again.

We soon picked up Bridleway 19/1, which runs in behind Carley's Organic Foods, and headed along and across Station Road where we joined the very well-kept lane that links with the winding Footpath 20/3. Now approaching Jolly's Bottom Farm, we went left at the Public Right of Way (PRoW) crossroads for about 40 metres before taking a right along the lovely Footpath 17/1, which ultimately brought us out just above Parc Shady. Meandering beneath the viaduct (what a magnificent structure it really is) and over a couple of

testing stiles in the process, we eventually met with quite the incline that is Bridleway 17/4. A couple of pauses taken along the way as we passed Chyvarton Farm to the right, we eventually came out at the wide junction with Kea Downs Road.

More or less at the halfway point of the walk now and very conscious of the fast moving traffic along this often busy "rat run" roadway, we all kept our wits

VAY (CRoW) WALK SUNDAY 5TH JULY

about us as we stepped off towards Blackwater way, but only for about 50 metres as we soon connected with Byway 69/1 to the left. This takes you past Mount Pleasant and on down to Carnhot

and eventually the Little Jollys Bottom Farm area on Bridleway 18/3, where we took our stautory photo as we approached the 7-arched viaduct once again.

Making good time and with everyone in good spirits, we took the tarmaced road up under the viaduct to connect with Bridleway 6/1, which provides a lovely tree tunnel up to Wheal Busy Downs. We cut across the Downs on Bridleways 6/4 and 3, keeping Hillside Farm to the right as we eventually emerged onto Wheal Busy Lane.

On our way back down towards The Terrace again, we meandered to the Main Square Car Park via Sergeants Hill; saying goodbye to some folk along the way and always keeping an eye open for the quite outstanding wild roadside floral displays which we often take for granted, such as this one.

We take a walkers break in August and so the **next CRoW walk takes place on Sunday the 6th September.** Always the first Sunday of the month, we will leave the **Main Square Car Park at 0930** and aim to return around 1100, give or take 15 to 30 mins. Everyone is welcome to join in this brilliant community health and wellbeing activity, which provides an opportunity to chat, make friends and experience this very special place of ours, in all its raw glory!

Village Pondwatch - July 2026

After many days of sweltering sunshine, the water level has fallen dramatically but it remains clear. Tadpoles are still grazing near the shore and water beetles are always busy.

Through the midday heat, many bright blue azure damselflies sweep back and forth across the pond. Every day, mated pairs drift more sedately and settle on floating vegetation while solo males forage in the hedgerows or fly higher into the willow bush. A few red damselflies rest on overhanging bramble leaves and two get involved in an agitated confrontation over the water.

One day, a large female Emperor dragonfly got curious about work being done to clear debris from the surface. She settled on the floating red line and spread her wings before arching her electric blue tail into the water. Meanwhile, a dark golden-ringed dragonfly flew by, briefly resting on a reed and then moving into deep shade under the trees. A beautiful demoiselle damselfly also settles on a lily leaf. A brown speckled wood butterfly and a large white bobble around when a bumblebee climbs inside a foxglove flower. As a blackbird bathes among the weed bank, a trio of sparrows search for emerging insects and try to take damsels if they fly too high above the water. In the middle of the pond, a single yellow fringed lily has opened up.

Lately, a red darter dragonfly perches on a banded horsetail reed. He flies out to bother a pair of blue damsels but quickly returns to his perch, outnumbered by an azure flock.

How did you get on ?

Players Summer Show

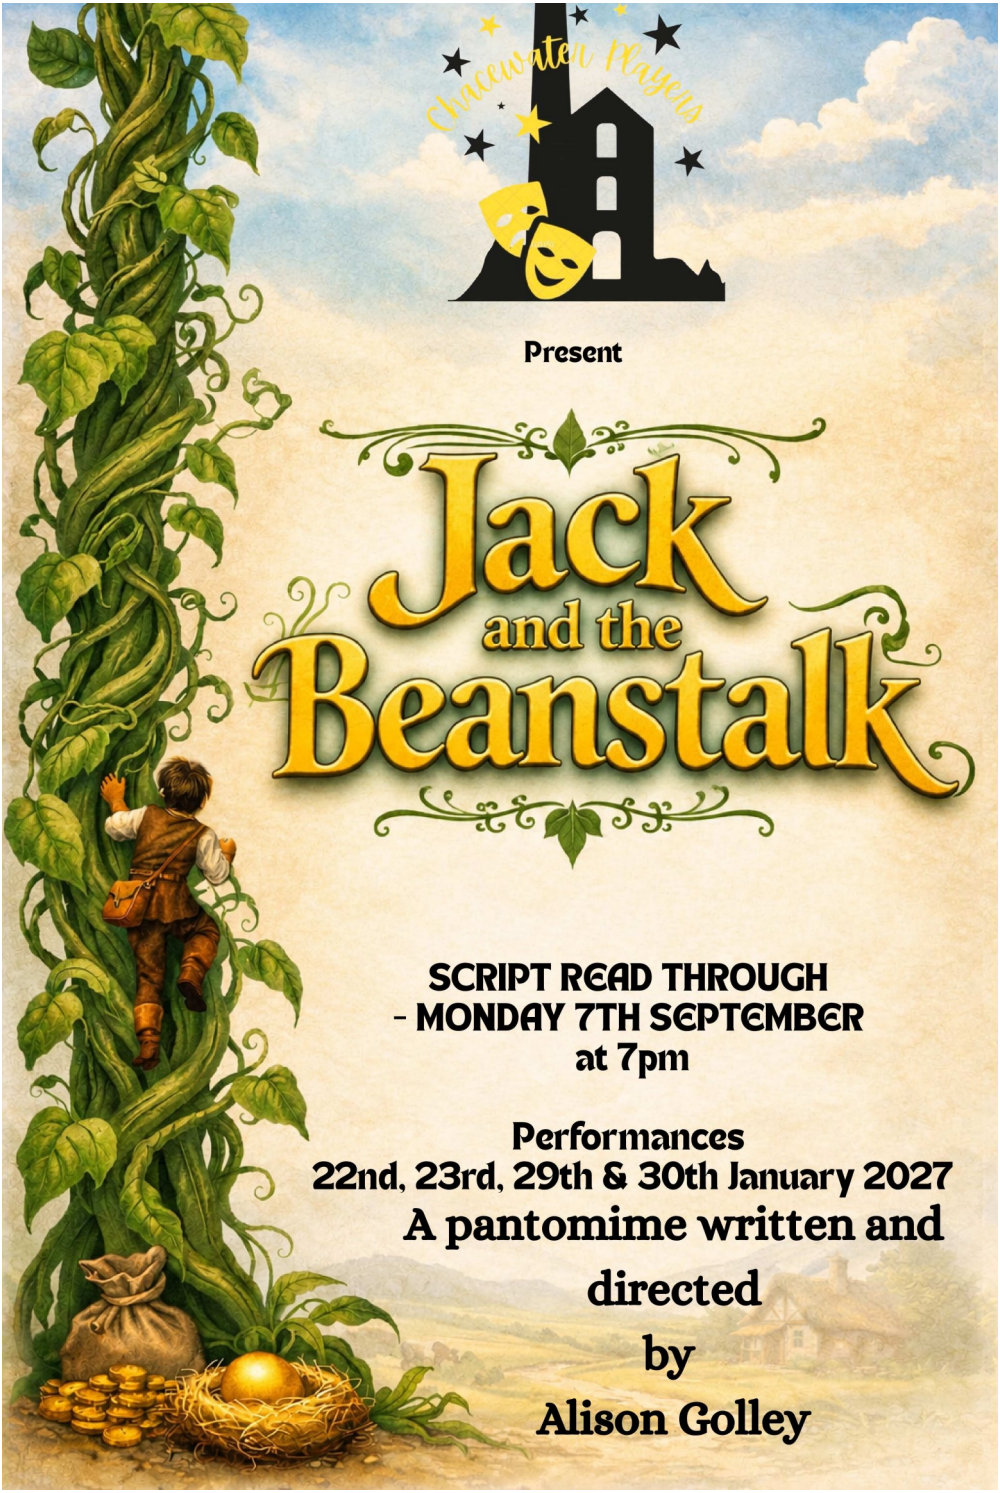

Chacewater Players Summer Show 2026 'Face The Music' was a huge success!! The first half of the show was a play written and directed by our new Chairwoman - Rachel Sutton. Rachel has dedicated years and years to Chacewater Players and has found a love of writing plays, and has written a panto Ali Baba, performed in 2020.

The play was set in a school full of cheeky children and three horrible prefects, this was performed by our young cast members who stole the show obviously!! We also had two rowdy Cornish cleaners and a grumpy caretaker, played by our wonderful John Carley. We were very fortunate to have our longest standing member and founder Brenda Bailey in our rehearsals where she was lined up to play 'Mayor Trimp', but sadly Brenda was unable to perform the three shows. As unfortunate as this was we had our then Chairperson, Kit Savage stand in and did a fantastic job with ZERO REHEARSAL time!! We were so pleased the show was a hit! To finish off our show in the second half, Holly Conlay and Children chose a medley of songs to perform! All about strength, courage, friendship and positivity!!

The children smashed it and we were super proud!!!

We are now looking forward to September to create yet another fun and fantastic pantomime!!

St Paul's News

A Service of Thanksgiving at St. Paul's Church

Everyone is invited to a Service of Thanksgiving on Friday 14th August at St. Paul's Church at 7.00p.m., followed by Refreshments.

We were delighted by the generosity of the people of Chacewater after the awful damage to the Church roof and tower when Storm Goretti struck our neighbourhood. In addition to our insurance, the work to repair the roof has been completed

Like everyone else, we were caught out by the Red Weather Warning for hurricane force winds that could (and did) escalate to Force 12 and were amazed to receive a severe weather alert on mobile phones. We don't expect these conditions in Sunny Cornwall! But the warning proved to be right and the resulting damage to trees and buildings by Storm Goretti right through the county was tremendous. Here at St. Paul's tiles were ripped off Roof and tower – leading to water pouring into the nave and the kitchen below the tower.

The photos show parts of the church few people will have seen. The photos are of the door leading out onto the side of the tower. "Before" shows the damage to the tiles on the roof and the hole that allowed water to flood through; the "After" shows the restoration of that area.

The old cemetery was badly damaged; though we are fortunate that the responsibility for this is nowadays down to Cornwall Council. With so much damage done I suppose it is not surprising that work to remedy here has still not been done. We live in hopes!

We have told the resulting story month by month in What's On and now We would like to thank everyone for their support and

help and invite everyone to celebrate with us. So, do join us on 14th August and stay for refreshments afterwards. We'd love to see you.

ST. PAUL'S CHURCH SUNDAY SERVICES

Aug 2nd	**Service of the Word**	**11.00am**
Aug 9th	**Rev. Canon Jem Thorold**	**11.00am**
Aug 16th	**Service of the Word**	**11.00am**
Aug 23th	**Rev. Canon Jem Thorold**	**11.00am**
Aug 30th	As it is the 5th Sunday in the month there is no service at St. Paul's. Instead there is a service at Stithians Church at 9.30.am to which everyone is welcome.	

A Service of the Word is a less formal non-Eucharist service conducted by a member of the Church

A warm welcome awaits everyone attending St. Paul's

GARDEN CENTRE

THE GARDEN PATCH

What's On This August

As summer begins to wind down, it is easy to think the garden has reached its peak, but August is still one of the busiest and most rewarding months for gardeners.

With the right care, borders, containers and hanging baskets can continue producing beautiful displays well into autumn, while many late flowering plants are only just beginning to shine.

Plants such as Dahlia, Rudbeckia, Sedum, Echinacea and Hydrangea are often at their very best during August, providing vibrant colour and valuable nectar for bees and butterflies. Regular deadheading is one of the simplest ways to keep many flowering plants blooming for longer, encouraging them to produce fresh flowers rather than putting their energy into setting seed.

With warmer weather often continuing through August, watering correctly becomes increasingly important. Rather than giving plants a light sprinkle every day, water deeply once or twice a week, allowing moisture to soak down to the roots where it is needed most. Early morning or late evening watering helps reduce evaporation and encourages stronger, deeper root systems that are better equipped to cope with dry spells.

August is also an excellent time to keep plants well fed. Lawns, ornamental grasses, flowering borders, hanging baskets, containers and even houseplants all benefit from the right nutrients during the final weeks of summer. Regular feeding helps maintain healthy foliage, supports continued flowering and keeps plants looking their very best as the seasons begin to change.

With a little deadheading, deep watering and regular feeding, your garden can remain full of colour and vitality long after many people think the summer season is over.

Cloverleaf
CAFÉ

OPEN DAILY

NEW PATIO AREA NOW OPEN

From 1st August, we are delighted to welcome you to the next exciting chapter of Cloverleaf Café with the opening of our brand new outdoor patio dining area..

Whether you are meeting friends for coffee, enjoying a leisurely lunch or simply soaking up the summer sunshine, our new patio offers the perfect place to relax. Select Patio Area when booking online or simply walk in!

Our spacious indoor dining area, expanded dog friendly seating and bookable space for larger groups remain as popular as ever, and now with even more room to dine outdoors, there has never been a better time to visit.

Join us this August and experience everything the new Cloverleaf Café has to offer, great food, delicious desserts and even more space to sit back, unwind and enjoy the surroundings.

Baldhu Chapel Messy and Forest Church

We had a wonderful time with all the fun activities at our July meeting where we looked at Matthew 5:13-16, where Jesus tells us to make a difference in our Community by being 'The salt and light'.

Firstly, we created 'rocks of hope' full of positive messages. Then we created sun catchers, to let the beautiful light shine through.

With high visibility jackets and litter pickers, we went out to the area around the Chapel, picking up the rubbish, and placing the rocks of hope for anyone to pick up.

We watched a children's film explaining why Jesus told us we should make a positive difference. Our prayers followed the celebration activity putting down battery tea lights on areas on a map that we wanted to pray for.

The session was finished with a shared meal of fish finger sandwiches.

The next **Messy and Forest Church will be outside in a tent on Saturday 1st August at 2:00pm,** with the title 'All go August', so expect some great fun activities in the field.

There will be lots of great fun activities throughout August, so please keep an eye on the **Baldhu Facebook page.**

Community Garden

The long spell of very hot weather has meant a busy routine of trying to water everything each working session and even the 7,500 litres of rain water that we can store on site has become worryingly low as there have been so many days without rain!

Our water storage system has functioned really well giving us the chance to at least keep things alive but we are already talking about future planting needing to be drought resistant and providing areas of shade around the plot. The one bit that has thrived in all this sunshine is the prairie bed; plants have now filled the space and there has been a steady show of colour for several months with the grasses now taking their turn. We also had the first flowers on the Australian bottlebrush (Callistemon) planted at the back of the bed – it is obviously very happy where it is.

This summer we have seen a variety of different visitors to the garden and last month we held our "Dorset Button" workshop which was well attended. It was good to sit round the benches with a new challenge at our fingertips – we all learnt new skills, met new people and enjoyed time chatting whilst being creative. Many thanks to Clare for her interesting presentation and helpful demonstrations. We'd love to run more events like this at the community garden. If you have a craft you're passionate about and would like to run a workshop here please do get in touch and we'll help you set it up.

During the sunny weather the plot has been alive with the flutter of butterfly movement. They dance all over the garden although there is a noticeable difference in *what* chooses to visit *where*! We have two buddleias which

attract the easily recognisable stars like Peacocks, Red Admirals and Painted Ladies whereas the grassy areas are favoured by the more subdued Gatekeepers and Meadow Browns. The gardeners took part in the Big Butterfly Count during one of our recent sessions by setting up three watch points and counting the numbers of different species together at one time. Results were logged online to give a national picture of butterfly numbers in the UK. It was very exciting to see a Hummingbird hawk-moth, this day-flying moth moves so quickly it is difficult to spot as it sips nectar from flowers.

It is reassuring to know that the Community Garden is supporting wildlife in the air as well as on the ground.

Hummingbird hawk-moth

If you would like to get involved in our activities, please get in touch by email chacewatercommunitygarden@outlook.com or via facebook *Chacewater Community Garden*.

Something could be growing up at Crosslanes!

An exciting sustainable food production opportunity has come up at the Cornish Lithium site in our parish. When running the site will be producing a significant amount of quite hot mineral rich water (maybe 80°C, we'll know soon) which will need to cool to allow the valuable lithium metal to be extracted.

A local environmentalist, Charmian Larke, spotted this and wondered if we could harness the opportunity to heat greenhouses for a community owned growing project. Early discussions with the landowner (Tregothnan), and Cornish Lithium looked positive, so as part of Cornwall Climate Action Network, Charmian bid for some feasibility funds. This bid has been successful to allow the plan to move forward in more detail.

We are now exploring how much food per year could a good professional grower produce using properly sustainable energy.

Just think of that: local jobs, local food, and minimal environmental impact.

More details via "What's On", and we will have a table at the Chacewater Community Energy Group Energy Summit Sunday 13th Sept in the Village Hall.
